LoCo makes graduation parties easy! Includes paper products for easy clean up!

# Local Restaurant Spotlight

The history of La Segunda Bakery started with a soldier's personal vision in the late 19th Century. Out of war came Juan Moré's love for the taste of authentic Cuban bread. Born in Spain, he fought in the Spanish-American War. There he discovered a traditional recipe for Cuban bread and set forth to create the bakery of his dreams in the thriving Cuban district of Ybor City, Florida in 1915.

NAKED  
FARMER

That local vibe!

Under our roof, you'll find the freshest, most seasonal and locally-sourced food in town. Our chefs handcraft super high quality farm-fresh meals from scratch, placing a heavy emphasis on our favorite thing ever—fresh vegetables. It's pretty simple, really: we feel like eating food that's grown closer to you is better for you, the environment, farmers and the economy. Farm to Table at its very best!

Ferg's  
Est. 1992

Mark Ferguson, a native of St. Pete, FSU grad and former Pinellas middle school teacher opened Ferg's sports bar in 1992. Locals know Ferg's for having the best "Wings" in town! The catering menu offers mini cuban sandwiches, Deli pinwheels, Chicken tenders, meatballs, Kabobs, Veggie & Cheese trays, Salads and a variety of sides to complete your feast!

## ► LoCo Love

"Loco Tampa Bay (LTB) is my absolute 'go-to' for all my office catering needs! We used to rely on EzCater, but Loco Tampa Bay blows them out of the water. Their drivers are always professional, friendly, and punctual. And the best part? LTB donates to our local community! Outstanding service, great selection, and giving back — why would I go anywhere else?"
