Angelo's Catering began as a family owned restaurant in 2008, built on the values of quality food and genuine hospitality. What started as a local dining spot quickly grew into a trusted local name. Today, Angelo's specializes in catering Spanish, Italian and American cuisines, bringing together diverse flavors to fit any occasion. With a focus on excellence and personalized service, we're dedicated to making every event memorable through food that reflects both tradition and passion.

Twisted Indian was built from a love for Indian flavors and a desire to share them in a fresh way.

We offer Indian food with a modern twist. Guests get to build their own meals, mixing traditional spices with a format that fits today's busy life.

The food is full of flavor—whether it's enjoyed in the restaurant, taken to go, or delivered.

Opened in March 1992, Miguel's Mexican Seafood and Grill has been serving high-quality Mexican food for over 33 years. Owners Miguel and Patricia Rodriguez, who come from a family of Mexican restaurant operators, still oversee daily operations.

Some of the restaurant's highlights include Jalapeños stuffed with shrimp, crab enchiladas, fajitas, and carnitas de puerco, along with a variety of scallop and lobster dishes. "We take great pride in what we have created and in the quality product that we put on the table for our customers."
